My only disclaimer here is that we are still dealing with humans.

I fully understand that humans can be influenced by various motives.

I still view this business as "risky" in the sense that the owner/s, who I believe to be people of great integrity, could shut up shop tomorrow with all our money.

However, the fact that they have been around since 2004 gives me comfort.

I suggest not introducing any funds into this business which you cannot afford to lose!

Hi Alby,

Normally I would be very sceptical when something promises 2% per day coming with a \$1million guarantee if you can fault its mathematical formulas primarily due to the theory that if it is too good to be true well it probably is.

I invested a small amount to see if Just Been Paid allows you to withdraw from the daily earnings which proved to be correct.

Since this time I have invested further monies in to Just Been Paid without many referrals thus far but **I am now earning \$619.20 interest per day** which keeps growing because of compounding interest by buying further positions.

To earn this amount of monies in a bank account I would need to have \$643,000- in savings. I have nowhere near this sort of money invested in Just Been Paid yet am enjoying watching my investment grow at a rapid rate.

Just Been paid has enlarged my vision to achieve many financial goals with the desire to take many with me along the journey to experience the abundant blessings that monies invested with Just Been Paid offers.

Hi there Alby ,

We have finally found that elusive pot of gold at the end of the rainbow . I'm am so glad you introduced me to " Just Been Paid " !

I am currently earning a little over \$130 per day and Its been only 4 months since I joined your team .

I have been involved in many online programs over the past decade most of which were slow at paying out or in fact closed shop before getting your hard-earned . None of the other programs and I mean NONE have ever paid as quickly as Just Been Paid . It's quite incredible that you start earning Real Cash the very next day and you can actually withdraw that cash into your bank , Thanks again Alby

Hi Alby,

JSS Tripler couldn't have come at a better time for me. I have just finished my HSC and am about to start Uni and like my friends am always looking for ways to make extra cash! This system is fun, simple and easy.

There is nothing better than logging into my account each day and seeing how much money I have made! I am adding to my account each week to increase my daily earnings.

My friends are loving it and can't believe the results they are getting!  
Thanks for letting me be a part of your team.

Hi there Alby

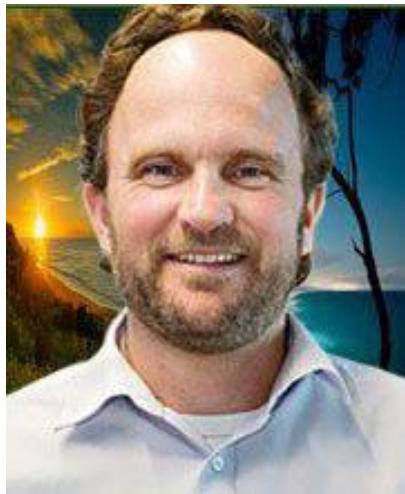

I'm so glad that Alan introduced me to JBP to be part of your Success Team. Since joining in October I knew we were on a winner!! I've made money EVERY SINGLE DAY since. Within four hours of signing up CASH had entered my account and let me tell you I had trouble sleeping that night! I am currently earning over \$300 per week.

This company has delivered on every promise, an established long term program paying 2% per day AND indefinitely sustainable!!

I can't thank you guys enough....the support here is amazing. I'm not on my own.

Happily yours

Hi Alby,

Since joining Just Been Paid, I've been paid 2% per day on a consistent basis, day in and day out!

In fact, I believe I received a little more than the 2%. Right now I am earning and re-investing at least US\$80 on a daily basis.

I've never encountered anything that is as straightforward, for earning cash on a consistent basis, that compounds and escalates on a daily basis. This program is great!

Thanks Alby for all your excellent support.

Best regards,

As a single mother of two teenage girls I am always looking for ways to increase my income.

At first I thought JSS Tripler was too good to be true – and it is – WAY TOO GOOD! Not only am I earning 2% compound interest on my money daily but the commissions I am earning on my referrals is amazing!

Soon I will be able to make this my primary source of income and not worry about money ever again! Thanks Alby!

Hello Alby

As you know, I have been associated with network marketing in Australia, in some form or other since 1984; and here we are now and it Feb 2012 and I'm still at it!

The birth of the internet made a huge difference in the way networkers do business, and if we're good at it, there is no limit to the money that can be made.

Recently a friend of mine introduced me to a new network. He is in your front line Alby. I was very sceptical when he told me that i could earn 2% compounding daily on my investment, so I thought that I'd just test the water to see what's possible.

So I invested just \$150 on the 1<sup>st</sup> November 2011. Well! As at 19/11/11, I had gained \$66.20 or 44% on my initial investment! Simply by reinvesting my daily compounding interest!! Not bad eh! And that, by the way, is merely 2% compounding daily! The whole experience has been pleasurable.

Needless to say, I have now invested far more than my original amount, and happily I can say without a doubt, that "Just Been Paid" is most definitely a great opportunity.

I am a 19 year old entrepreneur with several online businesses.

JSS Tripler is the most amazing system I have come across yet! I love starting the day to see how much I have made while I have been sleeping!

This is definitely a no-brainer and is so easy that anyone with a computer can do it! Using Facebook as a marketing tool is phenomenal. Everyone wants to have their money working for them. You have nothing to lose with this system only everything to gain!

Hi Alby

Thanks so much for helping me get started with this fantastic business. I started with just \$300 back on the 13th Jan 2012 and have been reinvesting the earnings each day. Its now the 15th Feb and my account is already \$560 and earning \$11 a day.

I have been looking for a way to make extra money for the last few years with very limited success until now.

This is the BEST opportunity you will find full stop. The opportunity and the support provided in the member's area is second to none. My goal is to keep reinvesting until my account grows to \$5000. At that point I will be earning \$100 per day.

I will then withdraw 25% and reinvest 75% so I will be earning a handy second income which will continue to grow with my account. This is not just about financial security for me.

Its about having the opportunity to be able to work less hours in a job so I can spend time with my young family. So go ahead and get started. The opportunity cost of not getting involved is massive.

Regards

Sue and Jerry Smart moved to Australia in 1981 with \$2,000 to their name. Within two years they were both successful traditional Business owners. Jerry owned a Graphic Art Studio and Pre-Press House for over 20 Years, and Sue a very successful Hair and Beauty Salon for over 22 years

Sue and Jerry have always wanted to spend more time with their four children, but business and staff were always getting in the way. Looking out for something different, Sue was introduced to a top MLM, where they reached a significant level, earning free trips and bonuses every year for six years, but finally fed up with the attrition rate and ultimately lack of real money; Sue saw a small advert in the local paper that changed their lives forever!

They had the great fortune to find a "Top Tear" online business, seeing the opportunity, but not understand everything at first, we just started marketing and in our 4th month made \$70,000, went on to have \$33,000 days, \$114,000 weeks and a \$215,000 USD month! . . . Winning a BMW Z4 in a top sales competition along with a TV and Gold has been some added bonuses.

Just Been Paid has been an absolute blast once we understood the true potential of the business, there is just no other business like it out there! We have been in the industry for over 10 years, this is the easiest thing we have ever been involved in!!

Whether you introduce people or not you still make money . . . it's totally up to you! But by being part of Alby and his Team you have access to touch button marketing and support like you have never seen before!

This is the first business that even our four children are also really excited about. What more can we say, it's free to join and the potential is amazing.

Hi Alby

I have for almost 2 years been involved in online network marketing, and enjoyed it. Every day is new and exciting.

Also with new opportunities - And that's what I recently got "**an opportunity**" - for some time ago when I was talking with a really good friend (Sue Smart), and through her I got in touch with Alby Koster.

And from the day on - **I make money every day**, and it is only thanks to **Sue and Alby's team** - at first I thought it might be a scam, but now that I've seen it with my own eyes that it actually works, I get money in the account each day.

And the best part about this is that you can **earn on your earnings** .... right now my earnings are not much but it is evolving every day, and I owe the thanks to Alby and the team.

Thanks

G'day Alby,

Thank you so much for sharing with Kelly and I the great opportunities to earn real money without a massive commitment!

So many investments, whether online or offline, require such a high minimum that it is not realistic for most of us to get in! You have provided a great way to start with a very affordable amount and we are now watching it build on a daily basis into real cash!!

We are looking forward to a great journey of success ahead together! Your support and updates are invaluable and we have been using these to share the success with family and friends!

Thanks for all the hard work!

*Hi Alby,*

*I just wanted to let you know of my appreciation for being part of this business and team.*

*My previous background was in the travel industry and after having my 2 children, I wanted to earn an income from home while being a full time mum. I became involved with an MLM company for 7 years and for the past 3 years in the Online Home Business arena.*

***I have been blown away with this business and support from you.***

*It's sensational how EVERYONE can make money in their first 24 hours and earn an income every day! And better still is the passive income you earn which grows and grows. Everyone makes real cash every day and they don't even need to sponsor anyone to make money. I love the income I'm earning, and I know it's just the start as there's much more to come!! Alby, thanks for this awesome opportunity. Janice (Sydney Australia)*

After testing and investing in a number of online so called investments over the years and coming up short, I became quite skeptical about programs offering you the earth and you receiving not much more than thin air.

It wasn't until January 2012 that Alby (my brother-in law) introduced me to Just Been Paid (JBP).

At first I thought he had few screws lost when he first explained the strategy and return of the program, however once I'd seen what was happening to his account along with his openness and the support to the questions I had, I apprehensively decided to give it a go.

Throughout the last month JBP has been contributing to my account daily. This morning I received \$16.60 in interest and I am intending to reinvest that straight back into the program. Not much excites me more than Albert Einstein's 8<sup>th</sup> greatest wonder of the world – compounding.

Thanks Bro for the introduction, I really look forward to see what happens.

I always have been looking for the best opportunities online, I am so very glad and grateful that my good friend Sue has shared this to me and my well-wisher Alby who gave his honest views and extended his support about this very unique system.

Honestly, I had not come across anything like this before. I see the money already multiplying daily in my account without even having to refer anyone.

What's even very useful is that there are daily conference calls which are also recorded and training videos to perform better.

I truly hope this opportunity reaches to all those who are seriously looking out for one of the best ways to earn online'

Wishing you abundance of joy and success!
